Projects

•VideoMind AI – RAG-Based Video Knowledge Assistant
Node.js, Express.js, MongoDB, LangChain, Pinecone, Mistral AI,Groq AI

- Developed a full-stack AI application that transforms YouTube videos into searchable knowledge by generating transcripts, summaries, key decisions, action items, and open questions.
- Engineered a Retrieval-Augmented Generation (RAG) pipeline using LangChain, Mistral AI embeddings, and Pinecone, enabling users to chat with video content through semantic search and context-aware LLM responses.
- Automated video processing using yt-dlp ,FFmpeg, and AI transcription services to extract audio, generate transcripts, and support long-form English and Hinglish videos.
- Built secure JWT-based authentication and REST APIs to manage users, video processing, transcripts, and AI-powered conversations.

•ApplySmart – AI-Powered Job Portal & Resume Analyzer
React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT, Cloudinary, Multer

- Developed a full-stack MERN job portal with role-based access, enabling recruiters to manage companies, post jobs, review applicants, and update application statuses, while allowing candidates to search, apply, and track job applications.
- Developed an AI-powered resume analysis feature that evaluates resumes against job descriptions, identifies missing keywords, and provides ATS-focused optimization suggestions.
- Implemented secure JWT authentication, RESTful APIs, and cloud-based resume/profile uploads using Cloudinary and Multer while building a responsive and user-friendly interface.

Experience

•Full-Stack Developer – Smart India Hackathon (SIH) 2025 National Finalist *Nov 2025 – Dec 2025*
Academic Certificate Authenticity Validator

- Selected as a National Finalist among thousands of teams across India for the Smart India Hackathon (SIH) 2025.
- Developed the React.js frontend and Node.js/Express.js backend, implementing RESTful APIs and integrating MongoDB for secure certificate verification.

•EB Member – PEC ACM CSS Society *2024 – Present*
Technical Club, Punjab Engineering College

- Organized technical workshops and peer learning sessions for students.
- Collaborated with the organizing team to coordinate technical events and promote coding culture across the institute.

Achievements

•**Smart India Hackathon (SIH) 2025** – National Finalist, selected among thousands of teams across India.
•Secured **3rd Position** in the **PEC Ideathon**.
•Achieved **99.14 Percentile** in **JEE Main 2024**.
•Solved **500**+ Data Structures & Algorithms problems across LeetCode, GeeksforGeeks, and CodeStudio.
•**LeetCode:** Rating **1606** (**Top 22%** globally) | Max Streak: **105** consecutive days.
•**CodeChef: 2** Rated Competitive Programmer (Rating: **1573**).
